

-This is my third time coming to Adoration. I prayed to Jesus to help me with my illness. Thank you Jesus for keeping me strong in my Faith and for answering my prayers.

-Last week I came with a heavy heart...This week I am praising God for his answer to prayers.

-I came to Adoration again and told the Lord that I was okay with whatever plans he had for me. I left feeling very peaceful and not at all worried about my upcoming procedure. After the procedure the doctor said it was "normal". The "lump" was no longer in my belly and the pain was gone. I know that the Lord intervened and healed me. Nothing like this has ever happened to me or anyone I know. I feel so very blessed. Thanks be to the Lord.

-I had another CAT scan and my tumors had shrunk. Praise God for I am a walking miracle and for some reason God has decided to save me. I adore Jesus for he is my savior. I love coming to Adoration.

-I had a rough day yesterday, just everything went wrong. So I jokingly told the Lord I needed another hour in Adoration. That night I was called to sub. And here I am. God is good –and funny.

-Thank you Lord for a successful surgery and continued recovery. Thank you for bringing me back to spend time with you. Praise God!

-Thank you Jesus! My prayers have been that God bless my daughter and son-in-law with a child that they desire so badly. Praise God. He has answered! I continue to pray that God blesses both child and mother throughout the pregnancy. (Following week at Adoration) Praise God that not only have you blessed my daughter and son-in-law with a child, but you have blessed them with twins! Thank you Jesus!

-Thank you for bringing us weekly Adoration. We get so caught up in our daily grinds that we forget or don't take the time to slow down and sit quietly with you in prayer.

What a blessing it has been for me to rediscover the power of prayer. Just sitting in your presence meditating and praying has given me such comfort and joy, strength and courage, to go out and face the world with all its challenges and uncertainties. Thank you Jesus for re-kindling my faith today and always.

-I was having a bad night and this Hour with you gave me the peace that only you can give. Thank you Jesus.

-I feel I ask so much of you and don't give back to you. Help me to praise you and spend more time with you.

-Today is a good day for me to be here. I am very tired and anxious but I know with your help I will get through these next few stressful weeks. The strength you provide me is amazing and I thank you so very much.

-In spite of some difficult days and needless worry, coming to the chapel today for someone else has helped me beyond measure. Thank you Jesus for quieting my thoughts and sending me peace when I need it most.

-Even through a difficult year, you Jesus have been a source of healing and strength, through the prayers offered for us. I offer this Hour for the prayers of thanksgiving for the healing of body, mind, and spirit.
