SAFE VIRTUAL INSTRUCTION
WITH MINORS

GET PERMISSION

Get permission from parents and from pastors before initiating any direct contact with minors.

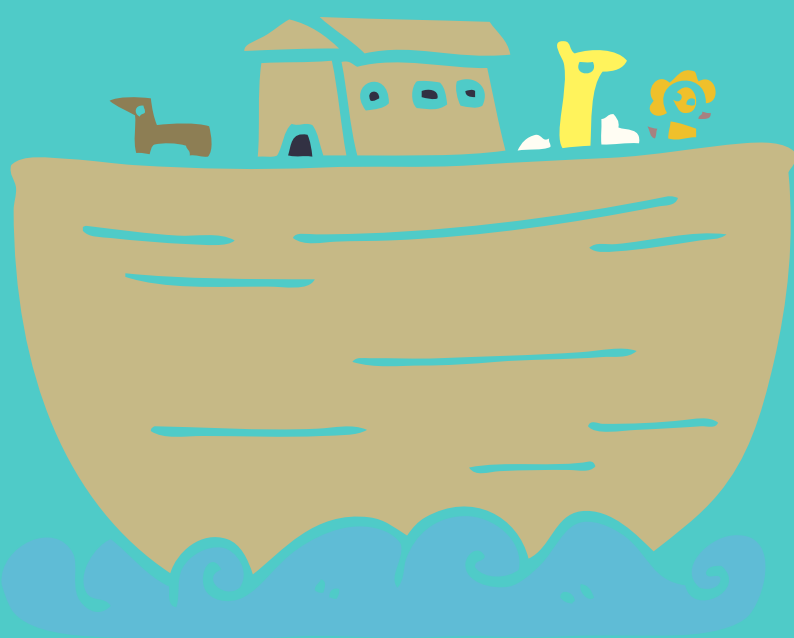

SPECIFICITY

When and on what platform are you going to meet? If you are using anything other than school emails, share all links through the parents.

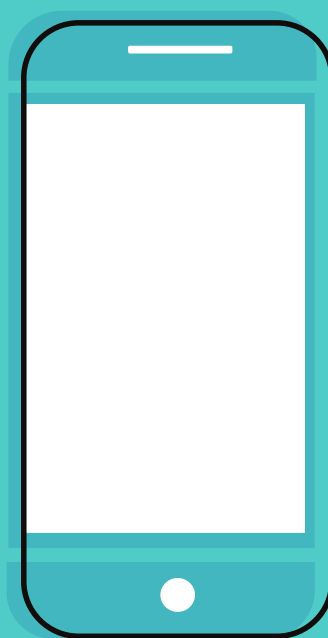

TRANSPARENCY

Parents need to know what you're doing and should have access too. Don't alter plans without permission.

NOAH'S RULE

Don't meet 1x1 with a student without a parent or third person present. Always meet with two or more students at a time.

DIRECT CONTACT

All of the normal restrictions on direct contact with minors still apply.

CONSIDER LOCATION

Be somewhere public like a dining room and wear normal semi-professional clothes. In a word, don't be weird.
