Kindergarten  
Miss Talbert

We've had a very busy first quarter in kindergarten. We have met 5 of our Superkids friends in our language arts program, which are already helping us become readers! In math, we have learned about positional words, amounts, patterns, and shapes. Bible stories, prayers, and saints have been keeping us interested in religion. Fire safety and Halloween have been our favorite things in science and social studies, as you can see from our pictures. We are really looking forward to what exciting things we will learn next!

### St. Elizabeth of Hungary

Feast Day  
November 17  
1207-1231

Although her life was short, St. Elizabeth of Hungary is recognized for her love of the poor and suffering, and as patroness of Catholic charities and the Secular Franciscan Order. The daughter of the King of Hungary, she chose a life of penance instead of leisure, which made an impact on the "commoners" she served.

St. Elizabeth married Louis of Thuringia when she was 14. Deeply in love, they had three children. Despite their wealth, she led a life of prayer, sacrifice, and service to the poor and sick under the spiritual direction of a Franciscan friar.

After six years of marriage, her husband died in the Crusades, and St. Elizabeth was grief-stricken. Her husband's family did not look kindly upon her and mistreated her before finally throwing her out of the palace. However, the return of her husband's allies from the Crusades resulted in her being reinstated, since her son was legal heir to the throne.

St. Elizabeth joined the Secular Franciscan Order in 1228 where she cared for the poor in a hospital she founded in honor of St. Francis of Assisi. She died in 1231, but her great popularity resulted in her being named a saint only four years later.
